“Psi Iota Xi Song”

*Sail if you will on Venetian streams
Or whirl or twirl in Paris,
Go to old Rome to dream your dreams
Or drowse on a Chinese terrace,
Sail if you will the whole world round
For truer sincerity,
But you'll make a mistake
For all is a fake
But our own sorority.*

CHORUS

*So here's to the Psi Iota Xi,
Wherever she may be,
May our friendship never die,
But live to eternity.
May she be true to the turquois blue,
And reverence the dear old gold
N'er say farewell, but just adieu
And prosper a thousand fold.*

*So solemnly we take our vow
Never to forget,
And sing her praise a thousand ways,
From coast to bare inlet,
The present day will pass away
But in the future years
The thoughts of you, the gold, the blue
Will fill our eyes with tears.
The thoughts of you, so good, so true
Will fill our eyes with tears.*

The Founders of Psi Iota Xi.

President's Greeting

The grand officers of the sorority are so happy to have the opportunity of greeting each member through the *Helicon*.

Since our mid-year convention, we feel that we can be of greater service to you and only wish that each of you might have had the pleasure and inspiration of our excellent chapter reports.

It is most gratifying to know that the girls are putting so much energy and zeal into worth-while causes, thereby growing in sorority precepts and may each year's work and study serve to strengthen the great bonds which unite all members of *Psi Iota Xi*.

Convention Minutes

Muncie, Indiana

June 22nd, 23rd, 1922

The Twentieth Annual Convention of *Psi Iota Xo* was held in Muncie, Indiana, June 22nd, 23rd, 1922.

The Convention opened Thursday morning with a business session at the Muncie Country Club. Meeting adjourned at noon and luncheon was served in the dining room of the club. Business was resumed for a short time in the afternoon. A banquet at the Roberts Hotel closed the first day's activities. A third business session was held Friday morning at the home of Lucy Ball and following this, a luncheon at Brook View. The Convention ended Friday night with a dance at the Hotel Roberts.

Business Session

Thursday, June 22nd

The meeting was called to order by the Grand President. The Lord's Prayer was then repeated, followed by the roll-call. Each chapter responded with a report of work done throughout the year. The minutes of the Mid-Year were read and approved. The new contract with our official jeweler, Maxwell C. Lang, was read, discussed and approved. A representative of the firm talked for a few minutes and gave personal attention to the individual matters of the separate chapters. The treasurer's report, which showed a balance of \$170.29 on hand, was read and approved.

Afternoon Session

Kaathryn Morrison gave a report of the Scholarship Fund which showed a balance on hand of \$5,340.60. Miss Morrison also read some interesting letters from the mountain girls whom we have been educating. The results of this education have been very gratifying and it was decided at this time to give help to another deserving girl in place of one who no longer requires assistance. A report was given by the committee appointed to find the best means of using our Scholarship Fund. Borea College and the Hindman Settlement School were discussed and later Oakland City College and the New Riley Hospital. A motion was made and carried to eliminate the Hindman Settlement School from our consideration. It was decided to hold over the question of the Scholarship Fund until the next session. Beatrice Crowe gave the Inspectress' report. Out of three towns visited, Seymour and Decatur were accepted. The matter of extension was discussed and new towns were submitted for consideration. Permission was granted *Rho* chapter at Angola to hold the next annual Convention.

Meeting adjourned.

Morning Session

Friday, June 23rd

Meeting was called together by the Grand President. The sorority song was sung and the Lord's Prayer repeated. A report of the nominating committee was made and accepted. New Grand Officers as follows:

| | | |
|----------------------|------------------------|------------|
| President | Susan Henninger | Muncie |
| Vice-President | Edna Cook | Huntington |
| Secretary | Mary Meeks | Muncie |
| Treasurer | Cleo Goff | Ft. Wayne |
| Conductress | Mabel Burgin | Lebanon |
| Inspectress | Mildred Robinson | Greensburg |

Delta Chapter, Indianapolis, will publish "*The Helicon*" for 1923. It was moved and carried that we continue to pay \$50.00 yearly into the Scholarship Fund until we again have \$5,000.00.

A vote by secret ballot proved favorable to the Riley Hospital as the place to give our Scholarship money. The \$5,000.00 will fully equip a six bed ward which will be known as the *Psi Iota Xi* ward and maintained by the sorority.

Unfinished reports of the previous day's sessions were made, completing the business of the convention.

Meeting adjourned.

Respectfully submitted,

KATHRYN S. HALL, *Zeta*,
Grand Secretary, 1921-22.

The Social Side of Our Twenty-fifth Anniversary Convention

The social side of a convention is nearly always the side we think of first. Certainly it rests uppermost in our thoughts when we think of the royal way in which we were entertained at the Muncie Convention.

After our opening business session at the Country Club we were served luncheon there in the beautiful, cool, and airy club house. It was lovely and we enjoyed meeting the entire Muncie chapter there.

That evening came the banquet. It was given in the large banquet hall of Hotel Roberts. The tables were laden with spring flowers in blue and gold. The hall was nearly a bower of the beautiful blooms. One of the *Alpha* chapter girls had painted little vanity boxes for each guest that surely were lovely. Mrs. Henninger (our new grand president) was toastmistress. The toasts were arranged cleverly in the attitude of different ones to the sorority. First came a toast to the sorority by our then grand president, Mrs. Opal Corr O'Harrow. Next was a toast on "Reminiscences" by Mrs. Martha Ivins, one of our founders. Next was the view of *Alpha* chapter, the oldest chapter, and lastly was the view of Decatur chapter, our youngest chapter. The toasts surely were lively and interesting and gave us such a broad view of our sorority. The most enjoyable part of the banquet though was being able to meet and know two of our founders. They were Mrs. Martha Ivins and Miss Mary Carmichael.

The next day another treat was in store for us when we were taken to a charming house near Yorktown. We surely enjoyed our luncheon at Brookview and there were a great many girls from the different chapters, that weren't delegates, joined us for the rest of the convention.

That evening came the dance. It certainly was a convention dance long to be remembered by all alike. It too was at Hotel Roberts in their large banquet hall. The wonderful music was played by Riley's Orchestra. Miss Fuzzy Brown from the New Castle chapter gave a fancy dance that was beautiful in its charm and grace and made all the more beautiful by the personality of the dancer. The hall was beautifully decorated with ferns and greenery, having one large piece of palms and ferns in the center of the floor.

As tired and weary feet turned homeward from the dance and the convention as a whole we surely toasted to our *Alpha* chapter for perfect entertainment and hospitality and sociability. It was a convention long to be remembered and oft-time reviewed with the happiest memories.

HARRIETT MASON,
Upsilon Chapter.

“Take-Offs” on Muncie Convention

The first business meeting was held at the Country Club and judging from the tardiness that day, we figured the reason for using the “club.”

Has anybody but Angola been able to “get away” with a \$2.00 fine for non-attendance?

Judging from the favors of hand painted boxes of rouge given at the banquet *Alpha* Chapter surely wanted “us” to paint the town red.

It would be nice for the *Psi Iota Xi* as a whole to have a nursery for our very “own” if we could only get together better.

Should the Muncie convention be repeated how many would be able to call the girls by name?

After hearing the report rendered us from back in the old days we believe we are “day by day in every way growing better and better” in regard to treatment of pledges.

It was a great relief to our young minds to learn that the “double” harness meant nothing to some of our married but husbandless sisters who attended the dance.

We would suggest that a gold medal be awarded the one who managed the most gracefully the desert served at the luncheon at the Country Club.

The head of the “date” committee was a knowing soul. We really believe she missed her calling. She should be conducting a matrimonial bureau.

Cautiously she perched herself on the edge of a chair, and thrust her swollen foot into her silver slipper.

Did any chapter ever have a convention dance and find it an easy proposition to supply enough men?

Food for Thought

Air castles materialize only when foundations are put under them.

Following the lines of least resistance makes rivers and men crooked.

It's the crowd that walks with you while you are here that counts and not the crowd that walks behind you when you are dead.

The bump of good nature is a swelling that never hurts.

Share your joys, and you will enjoy them the more.

TEN WAYS TO KILL AN ORGANIZATION

1. Don't come out to meetings.
2. If you do come, come late.
3. If the weather doesn't suit you, don't think of coming.
4. Find fault with the officers or members in their work.
5. Never accept any office, on the basis that it is easier to suggest than to do things.
6. Nevertheless, get dissatisfied if you are not appointed on a committee, but if you are, don't attend the committee meetings.
7. If asked by the chairman to give an opinion regarding some important matter, tell him you have nothing to say, and after the meeting tell everyone how the matter ought to have been handled.
8. Do nothing more than is absolutely necessary, but when other members roll up their sleeves and willingly and unselfishly pitch in and make things hum, complain that the board is run by a clique.
9. Hold back dues as long as possible or don't pay at all.
10. Don't bother about new members, "Let George do it."

Mid-Year Convention Minutes

Indianapolis, Indiana

February 17th, 1923

The Grand President, Susan Henninger, called a meeting of the Grand Officers, together with a delegate from each chapter, for a Mid-Year Convention. This was held at the Claypool Hotel, Indianapolis. Business session opened at ten thirty o'clock followed by luncheon at twelve thirty.

The meeting was called to order by the Grand President. Roll was called by the Secretary, all chapters excepting *Nu*, Eaton, Ohio, responding. Minutes of June Convention were read and approved. Report of the Scholarship Committee was given by Luella Morrison, who read a letter concerning the sorority work with mountain girls. It was decided the \$5,000.00 should be turned over to the Riley Memorial Hospital Building Committee so that we might select our ward. Mildred Robinson Hogue, chairman of the Pledge Service Committee, submitted her report to the delegates. After discussion the report was accepted. Several chapter reports were given by the delegates—the others following during and after the luncheon.

During luncheon Harriett Bowman Meeker talked to us concerning the Riley Hospital Linen Fund, asking that we take charge of the subscription drive in the cities where our chapters are established. A motion was made and carried that the President appoint a committee to confer with the Hospital Committee and then report to the various chapters.

The chapter reports were concluded. It was decided to have copies of sorority song—words and music—printed and sent to all chapters. Methods of electing new members were discussed. A motion was made and carried that we not accept the petition of Springfield, Ohio.

Meeting adjourned.

Respectfully submitted,

MARY W. MEEKS,
Grand Secretary 1922-23.

The James Whitcomb Riley Memorial Hospital

Before the end of 1923 the James Whitcomb Riley Hospital for Children will be a reality, due to the generosity and public spirit of Indiana men, women and children. The first unit of the hospital, which will be, when completed, probably the largest institution of its kind in the world, should be in operation before next January. Construction work on the first unit of the hospital, costing \$500,000.00 is progressing rapidly.

The Riley Memorial Association, which has the building program in charge, is anxious to complete as many units as possible at the very first opportunity. This is true for numerous reasons, chief among them being the fact that there are now more than 125 children badly in need of immediate medical attention on the waiting list of the Robert W. Long Hospital. They are asking for admission to the orthopedic and pediatric wards of this state hospital and there are only twelve beds in these wards to accommodate nearly twelve times that number of patients. The truth of this situation is that many of these children will never reach the hospital. Time is insufficient and this will readily be seen when it is understood that the average case, such as those seeking admission to the Long Hospital children's ward, consumes a period of several weeks in treatment.

Contributions to the hospital are keeping pace with the building program, the total in pledges redeemed and unredeemed now being more than \$800,000.00.

Numerous organizations throughout the state are playing an important part in creating the Riley Hospital for Children. Among them are the Indiana State Teachers' Association, Indiana Kiwanis Clubs, the Indiana State Dental Society, the State Librarians and the *Psi Iota Xi*.

To date the *Psi Iota Xi* is maintaining leadership over other similar organizations in the amount of money subscribed to the building fund of the hospital. The five thousand dollar contribution which was voted during the last annual meeting of the sorority tops all other similar contributions, although a number of other organizations are undertaking to raise memorial funds.

It seems at this time that the *Psi Iota Xi* will be the only sorority which will have reached a sum sufficient to secure the naming of a six bed ward in the first unit of the institution. Members of this sorority may remember that they are providing accommodations in the equipment of this ward for several hundred children each year. This is a work which is appreciated by those who are in touch with the need for a specialized children's hospital and of which the members of the sorority may be justly proud.

The Riley Memorial Association has been deeply grateful to the membership of the *Psi Iota Xi*, not only for their generosity but because this organization was largely responsible for the starting of the practice of raising memorial funds by many other organizations. The *Psi Iota Xi* was one of the pioneer organizations to make a substantial contribution and its action set an example for numerous others. This example has resulted in the raising of large sums of money.

The Riley Memorial Association desires to take this opportunity to express to the sorority membership, in behalf of financially helpless crippled children of the state, deep gratitude for the work done in behalf of the hospital by the members of this sorority.

JAMES W. CARR,
Executive Secretary.

“Doing a Little More than the Average Helps Keep the Average Up”

Are we not accustomed to use that time-worn phrase, “The Law of Averages,” in a general sense without a possible conception of its real meaning or its application?

What really constitutes the “average” when applying that term to the actions of men and women? Is it a term of approbation or may it not be instead a term of reprobation?

Granting that a person has health, intellect, ability to do and opportunity to accomplish, why should he or she neglect to do all that is possible of accomplishment? Why should anything less than the best that is possible be accepted as a full cancellation of the debt that one owes to society?

Do you question that obligation that each individual owes to every other individual and to society as a whole?

We who deceive ourselves with the thought that we are independent of the other fellow, should wake up to a realization that we dare not be satisfied to do just the average, be the average, think the average or give grudgingly as the average gives, because, it is a trueism that “The Law of Average walks hand in hand with the Law of Compensation.”

He who would fail to do all that he can do because of a feeling that some one else may profit thereby who has not himself done as much as he could, only cheats himself out of a full measure of compensation in that he can never hope to receive more than he freely gives.

It has been aptly said that “No one need expect to collect interest from the Bank of Human Possibilities until he has first made a deposit, yes, many deposits of his best efforts, even to the point of sacrifice.”

Let us, therefore, do all that we know how to do with a firm belief that somehow, in some way, in proportion to our real desire to accomplish right things, the twin Laws of Average and Compensation will apply in the final summing up and real profits in the form of warm, lasting friendships, the love of dear ones, the love and confidence of little children, the approbation of all who know us, yes, and the approbation of one’s own conscience, maybe a portion of the good things found in the credit column of the Ledger of Life along with a liberal portion of the material blessings we may have earned.

What could be finer than that and yet, again, what could be more sorrowful than to have an obligation returned, drawn against the Bank of Human Possibilities marked “Not Sufficient Funds;” all because we neglected to make deposits many times when we might so easily have done so?

ESTHER SCHILD,
Pi Chapter.

Psi Iota Xi Fifty Years Hence

*"The day is done and the darkness
Falls from the wings of night,
Like a feather wafted downward
From an eagle in its flight."*

Having put my little seven year old daughter to bed and sitting by my cheerful residue I began musing on the thought of what our sorority would be fifty years hence.

Not being a prophet, perhaps what I say may be more in the nature of things hoped for than of prophecy.

Fifty years hence I shall be eighty-two years young and how glad I shall be to know that we have several well established chapters on Mars. Since a great club woman of Chicago has predicted that in fifty years we shall have established a means of communication with other planets and we shall be as close to Mars as we now are to Europe. Exchanging scientific secrets and discovering methods of travel between the planets. But doesn't it look like we would have to get busy with our sorority established only in three states of the Union?

*"Let us then be up and doing."
"Still achieving, still pursuing."*

Since science is making such wonderful strides, in a few years house work will be brought to such a minimum that we shall have a great deal more time to promote the good things for which our sorority stands.

And now since we have been granted the right of suffrage, no doubt some of our members will enter the legislative halls and thereby further our scheme for better education, better health laws and better organized community work.

Let us say with Coue, "Every day in every way we are growing better and better."

And O, what a help it will be in getting out our *Helicon* fifty years hence, to have the radio help in our communications, for at that time it will be wonderfully perfected and telepathy will have found its place in the world. These will also aid us in planning our convention in 1973, which no doubt will be held in Los Angeles, the land of flowers and eternal sunshine.

Since our idea is improvement, let us improve both body and mind, so that we may be able to enjoy the festivities that our children, grandchildren and *great-grandchildren* will have planned for this convention, for of course we shall train them up in the way they should go and they will all be *good Psi Iota Xi's*. Great will be the tumult in the city when these big limousine airplanes are seen coming in, not only from every corner of our world, but from the planets beyond.

(In all due apology to Hiawatha)

*So with hopes bright for our future
For reward for all our labors
For the good that Psi Otes can do
Let us ever strive and plan to
Meet in that convention,
Which I heretofore have mentioned
To take place in fifty years.*

*Here on earth or upon Mars
Fifty years seems such a long time
To look forward to, much can happen
And the things for which we stand for
Are the things that we shall work for
Will have reached their goal in that time,
But just now it is my bed time
So I go into my wigwam
Saying good-night to each Psi Ote.*

FAYE GEYER SMITH,
Chi Chapter.

Municipio Italiano Du Nuvem

Alpha Chapter Letter

Alpha chapter thoroughly enjoyed entertaining the June, 1922, convention, celebrating as it did the twenty-fifth year of *Psi Iota Xi*. We enjoyed getting acquainted with the delegates and only wish every member of *Psi Iota Xi* could have been with us.

Since the convention, *Alpha* chapter has been very busy. We opened the sorority year on September 19th with the annual banquet at the Hotel Roberts. Since then we have met on the second and fourth Tuesdays of each month. On the second Tuesday we have a business meeting. On the fourth Tuesday, Mrs. H. H. Hanna, of Indianapolis, has been giving talks to us on the "Development of the English Novel with Discussions of the Best Known Modern Novels." After Mrs. Hanna's talks a supper is served to our forty-eight active members by five or six hostesses who both prepare and serve the supper.

Alpha has been working as four captained divisions of twelve girls, each for funds for the maintenance of our Day Nursery. Each division has been working toward a goal of \$250.00, totaling in all \$1,000.00. We plan to make \$500.00 more from our annual Charity Ball for it takes \$1,500.00 for the yearly up-keep of our Day Nursery.

One division sponsored "The Music Box," an excellent revue, which netted us profits of \$175.00.

Another division gave a benefit card party at the Hotel Roberts. Prizes—these were donated—were given to the person holding the high score at each table. This venture brought us \$40.00.

The third division was not only courageous but successful. Courageous, because it brought Fritz Kreisler, famous violinist, to Muncie. Successful, because it realized a profit of \$600.00. Posters advertising this concert were placed in the surrounding smaller towns, and the ticket sale showed that the concert was exceedingly well patronized by these smaller towns. The tickets simply sold themselves. Three weeks before the concert only one hundred and fifty were left. On the night of the concert every seat was sold and one hundred persons sat on the stage. We were sorry for only one thing—the auditorium (the largest in Muncie) was too small to accommodate all of the people who wished to hear the concert.

The fourth division solicited money from persons who do not attend dances, card parties, etc., and who, therefore, do not patronize these affairs. We made out a list of these people, divided the list among the twelve girls on the division, and presto! the result, \$300.00.

So often we hear it said that sororities have only a frivolous social program enshrined in their hearts. But surely it cannot be said of *Alpha* for we actually did hard labor for three days for funds for the Day Nursery. Yes, we managed a ready-to-wear store on March 1st, 2nd and 3rd and it wasn't a tea party either!

We acted as salesladies, wrote our own sales-slips, trimmed the windows, wrote the advertisements and also the news stories for the newspapers. We were down at eight o'clock every morning and our working day ended at five-thirty as does every saleswoman's working day. We tried size thirty-six on a forty! We tried on a dress, fastened hundreds of snaps, only to find that it was on backwards! It took our ad writer four hours to lay out the ad we ran in the newspapers! We sent out three thousand letters to representative women! We made posters for the down-town windows! We wrote eight feature stories for newspapers and it took hours to get the material and write it up! We stood on our feet all day exhibiting frocks! But we did it for the Day Nursery and forgot our tiredness in the happiness of working for that which we firmly believe is worthy of great effort. And we made \$250.00.

New Home of the Muncie Day Nursery

During Christmas week we gave a party for our youngsters at the Day Nursery. There was a gaily decorated tree towering to the ceiling. Santa Claus himself could not be there so he sent his little son who wasn't any bigger than some of the children! There were some Christmas stories told by a *Psi Iota Xi*, some Christmas songs by the children, plenty of ice cream, cake and candy, and balls for the boys and dishes for the girls. Every little face wore a big smile!

I have been saving the biggest piece of news for the last and it has been very hard to keep. It's this,—we have a new, bigger, and better home for our Day Nursery! The house was donated to us by Mrs. Frank C. Ball of Muncie, Mrs. Otis Adams of Indianapolis, and Mr. Arthur Brady of Anderson, for the use of the Day Nursery for five years. We sent invitations to every club belonging to the Federation, and to other civic and social organizations for our opening on February 8th. By actual count two hundred and five persons called between two and six that afternoon to inspect the house and talk over the Day Nursery with us over a cup of tea and sandwiches.

We had to purchase more equipment for the new house and redecorate the rooms. This larger house will also mean a larger operating expense. We placed a box so that those who wished to might drop in silver to aid us in meeting these added expenses. During the afternoon \$35.00 was dropped into the box! An interested friend sent potted plants and cut flowers to decorate the house for the opening. Since then we have received gifts of cretonne curtains, pictures, high chairs, two dozen bibs (made by a club at its meetings), and some sheets.

Delta Chapter Letter

Delta chapter has, at present, about eighteen active members and twelve pledges. Due to the fact that many of our girls are in school, we have had evening meetings this winter and have had better attendance as a result. Occasionally these meetings have taken form of a spread and we became acquainted with several delightful girls, five of whom we recently pledged.

In December we held a rummage sale which was not entirely a financial success, but did, however, net us a small sum.

On December the twenty-sixth we entertained our friends with a beautiful dance which was held in the Travertine room of the Lincoln Hotel. We had two hundred couples and the affair was reported the most brilliant of the holiday dances.

For the past few months our editress, Marian Hanna, and her staff, have been hard at work on the *Helicon*. You all know what a great responsibility this is, and we hope it will please.

Mid-year convention, where we all get so many suggestions, inspired us anew, and at present we are trying the plan of grouping our girls in teams for money making purposes.

One team is busy with plans for a charity bridge to be held at the Spink Arms on Saturday afternoon of March thirty-first. We are counting on sixty tables or more and we hope the proceeds will be sufficient to bring our treasury past the hundred mark. Other plans are being made for a subscription dance, a skating party, and a picture show.

Our girls are making a real earnest effort to make 1923 a bigger year for *Delta* chapter.

Epsilon Chapter Letter

Epsilon chapter has a number of things to her credit since the last *Helicon* was published.

In September, 1921, a party was given for a new pledge which was followed in the next month by initiation services and an elaborate spread.

That fall a number of projects were entered upon for the benefit of our finances such as the presentation of "Stop Thief" for the benefit of the Tuberculosis Association, \$5.00 given for a Health Bond, \$5.00 to a needy poor family, and \$15.00 to the Milk Fund.

The Christmas meeting was held at Mildred Marr Banker's home. A charity box passed during the meeting netted a neat sum to be used in helping a disabled soldier's family. The usual grab bag feature was enjoyed by all the girls.

The Annual Charity Ball of 1921 was one of the most successful ever given, \$82.70 being cleared.

At Open House on New Years Day at Elsie Sweeney's home the sorority entertained their friends and relatives. Seventeen dollars was donated to the Milk Fund as they needed the money and a similar amount was given the following month.

At the initiation in March Glennie Cline became a member.

On May 12, 1922 *Epsilon* chapter observed Mother's Day with a party at the home of Dorothy Doeller Pruitt, at which the mothers of the members were special guests. A musical program was given by our fraternity talent.

In celebration of our eighteenth anniversary twenty-five couples adjourned to Porter's Camp where a delicious spread was enjoyed followed by out-door amusements and dancing.

On the afternoon of July 20th our two recent pledges, Mary Porter and Mary McGinnis were initiated.

Last fall year books containing the list of hostesses and programs were printed so that each girl would know definitely where the next meeting would be and what to expect on the program.

This year our efforts are being directed at one objective. The sorority has been divided into four groups to raise money for the City School Milk Fund which will amount approximately to \$225.00. So far one of the groups has realized \$46.00 at a card party and another has cleared \$30.00 from a market. One of the remaining groups plans to take over the sale of tickets at a movie, realizing a certain percentage of the profits. In addition we bought a \$10.00 Health Bond, sold Red Cross seals, gave \$20.00 to the Tuberculosis Fund, and contributed \$50.00 to the Scholarship Fund.

The masked Hallowe'en party held at the Perry country home was certainly a success. We were met at the gate by two silent ghosts who pointed the way to the house, where another ghost gave us an icy cold hand of greeting. After a grand march around the grounds all were led to an elaborate course supper. Following the supper there was dancing and card playing.

The Christmas party took place at Henriatta Perry's home with the usual exchange of gifts.

On Christmas night the annual *Psi Iota Xi* Charity Ball proved to be the most successful event of the year both socially and financially as it was well attended and \$140.10 was cleared.

Open house was again observed at Elsie Sweeney's home, where many of our friends and relatives were entertained during the afternoon.

Altogether *Epsilon* chapter has had a very successful year and we hope to have even a better time next year.

Zeta Chapter Letter

The social activities of *Zeta chapter* do not play a very large part in her sorority life because the majority of the members are in college organizations which supply most of their parties. However we had one big dance this year, our annual Christmas dance, at the home of Martha Louise Campbell. *Psi Iota Xi's* in the University were invited as guests. After every meeting we serve light refreshments and have a regular "get-together" social hour and discuss all of the town news. Oh, no, we're not gossips.

We have taken in seven new members. They are Harriett Nicholson, Mrs. William Reed, Mrs. George Reed, Mrs. Paul Feltus, Mrs. William Adams, Mrs. James Havens and Mrs. Hugh Norman. A lovely dinner party was given in their honor before their initiation at the home of Dorothy Graham.

Our obligations to the community are considered first by *Zeta* members. It keeps us busy raising money to meet these obligations, since so many of the girls are in school but nevertheless we succeed in "keeping up." We maintain the sun parlor at the Bloomington Hospital. We pay a sum for local charities. We purchased a tuberculosis hut besides making a liberal contribution to Indiana University Memorial Fund.

Our methods of making money is quite novel to us and we're hoping to see it work out successfully. The chapter is divided into groups of four each. Each group is responsible for \$40—made in any way they see fit. We can borrow and beg but we can't steal. Rummage sales seem to be the prime favorites for their capability to bring money. One group of the best workers made \$39.50 on one sale. In another group rummage furnished by only five girls brought about \$20. Some are planning candy sales, markets and handkerchief sales. We fully expect to have fat a bank account when every group makes their \$40—and, heavens knows, we need it.

Theta Chapter Letter

1922 and 23 have, socially, been big years for Theta chapter. On October 24 we had a Halloween party; November 21, a bridge dinner; December 19, a Christmas party; January 16, a bridge party; February 13, a Valentine party; and have plans for a St. Patrick's bridge dinner, another bridge party in May, and a party at the Country Club in June.

At our annual Thanksgiving Charity Dance we made \$30. In 1921 we organized through the county visiting nurse a free bed at the New Castle Clinic for charity patients, which we are still maintaining. This costs from \$12 to \$15 per week, besides the medicines. We have several times this winter bought clothing, bedding and food for destitute families. We have pledged and paid \$50 to our new Y. M. C. A. building.

At Easter time we expect to have a market and flower sale. We will also give a picture show to make more money.

Iota Chapter Letter

Iota chapter has completed a most successful year. We have all enjoyed working and playing together.

Our meetings are held twice a month; one a business meeting, the other a spread. All of us—twenty-one active members—enjoy this arrangement very much.

We have tried several plans of making money. August 3rd, we gave a dance which yielded a net profit of thirty-six (\$36.00) dollars. We thought we did very well, considering the warm weather. A food exchange in September brought us twenty-five (\$25.00) dollars.

In October, we gave a card party at the Elks, which was both enjoyable and profitable. We cleared sixty (\$60.00) dollars in this undertaking.

We were especially interested in and are especially proud, however, of the Christmas Seal sale. *Psi Iota Xi* had charge of the sale in Rush County. We over-stepped our apportionment, and made a grand total of \$1,801.36. In recognition of this, an honor banner was sent to Rushville, and is now displayed in a downtown store window. The part of the money left here is used to support the city visiting nurse. I almost forgot to mention that we gave a fifty (\$50.00) dollar bond toward this.

About a year ago each active member contributed two (\$2.00), the sum of which was used to buy some of the best books. Novels, poetry, dramas and biographies were included in the list. These books were passed around among the girls and after we had read them, they were donated to the Public Library.

Our thoughts haven't been entirely mercenary—even though we have made over \$2,973.00 this year.

May 22nd we gave a party at the Elks in honor of our patronesses. A program of music and a play—the cast made up of our own members—were given during the course of the afternoon. Each member was allowed five guests, so we had quite a party.

July 8th, mock initiation was held at Mary Anderson's and on July 11th, at Wanda Wyatt's, five girls were initiated. Following this a two-course luncheon was served in the dining room of the Elks.

On October 31st, Grace Ewing, the County Visiting Nurse, was initiated. We are indeed glad to count her one of our number.

Our annual Christmas party was held December 26. We had a dinner party and afterwards played cards and exchanged gifts. We enjoyed being with the college girls and others who were home for the holidays.

Lately, we have had several showers for brides, among them Gladys Phillips and Marie Stevens. Leah Fraut left so suddenly that we had to send her gifts to her.

We are planning now for a series of lectures which we think will be profitable and entertaining. We hope to secure some prominent women speakers.

Plans are about completed for a card party at the Elks February 21st. Each member is responsible for one table. In this way we hope to eliminate much of the work that usually falls on a few.

Iota chapter extends best wishes to all sister chapters.

Kappa Chapter Letter

This, like previous years, has been very successful for *Kappa* chapter. We now have between thirty and forty active members. We are fortunate to have some new active members this year, girls who have been away to college four years have returned and are showing interest in *Psi Iota Xi*.

Three years ago we decided to combine business and pleasure, so we had a dinner and a business meeting following. The girls enjoyed these meetings and we continued the same plan this year. At these meetings we never have less than thirty present.

Our chapter has been very busy this year raising money for charity. The first attempt to raise money we had a benefit picture show, making about fifty dollars. After Christmas we had a market, which netted us forty dollars. The girls also conducted a flour sale, thirty dollars being realized from this. The girls have been divided into groups, and each group is to earn twenty-five dollars before June. The girls are interested in this, as each group is anxious to obtain its money first. With the aid of the *Beta Phi Sigma* fraternity we are planning to give a musical comedy, "The Cameo Girl", in May.

On December 24, 1922, we had the annual Christmas party for the poor children at the Congregational church, entertaining 125 children for dinner and a Christmas tree. A few donations were given us. The ladies of the church also helped with the dinner without charge.

The social events of the holiday season included a Christmas exchange box, given at the home of Ione Butler. Annual banquet was held at the Courtland Hotel. Instead of our annual Christmas dance we had a New Year's dance. One hundred and twenty-five couples attended it and it was a most delightful occasion.

Plans are now being made for rush parties and our annual May dance, which is one of the largest social events of the year.

Nu Chapter Letter

Nu chapter of *Psi Iota Xi* began the work of the new year with a pledge party at the City Park, at which time four girls were pledged. These girls were later initiated at the home of Viola Welsh. The 1st of October, we had charge of a picture show, the proceeds of which were used for charitable purposes.

The week of October 16th, the Eaton Band held a carnival. They donated a booth to the Sorority girls, and we sold pies, cakes, sandwiches, candy and coffee. From this we realized \$56.44. In addition to this a bedspread, which was purchased by the sorority, and made by our president, was chanced off. This brought us \$65.00, making us a net profit of \$121.44. We then gave the band boys a donation of \$25 00.

On October 27, a Halloween party was given at the home of Mrs. Delmar Crouse, in West Alexandria, Ohio. All the girls were masked and every one had a thoroughly enjoyable time.

In September, the girls began working on articles for a Christmas bazaar. We held the bazaar and an exchange on December 14. With the proceeds of this bazaar, we filled our Christmas baskets for the poor.

Immediately after this, at the request of the Secretary of the Red Cross, we began selling Red Cross stamps.

On December 19, Catherine Gale held our Christmas party. She had a beautifully decorated Christmas tree and each girl present received a gift.

Another initiation and indoor picnic was held January 16, at the home of Gladys Kerr. Two candidates were initiated at this meeting.

Our Valentine party was held February 13, at the home of Mrs. Rossie Neal. We were supplied with different materials and each girl made a valentine. This furnished a great deal of amusement.

For our literary work this year, we decided to take up a book of operas. We tried to make a thorough study of each opera, and use records on phonograph where obtainable.

Our charitable work for the year has been as extensive as our finances would permit. In addition to our Christmas baskets, we have supplied a tubercular patient with milk for the past year. We have kept two poor families supplied with groceries. We have bought underwear, stockings and gloves for needy children at different times. We are now planning our annual distribution of Easter flowers to the shut-ins.

Rho Chapter Letter

Nineteen-twenty-two was a very happy year for *Rho* chapter. We held all the regular and several special meetings, beside "pot luck" spreads, card parties, showers, dances and all sorts of good times.

We began the year by resolving to assist one needy and deserving family or individual each month. Our opportunities were varied and we felt that we did render some service while we gained a spirit of sympathy and understanding which is perhaps worth more to us than our help was worth to those in need.

Our money has been made by the sale of baking, movie benefits, dances, and a dinner which we served for the Rotary Club.

A lovely Valentine dinner party was given for the spring pledges at Hotel Hendry.

We held regular meetings through the summer and accomplished much with the help of the girls who were home from school. One of our happiest affairs was a house party at Myra Fairfield's summer home at Lake James.

There has been a shower for each of our brides, except Phyllis Slade Gregory, who was married in Florida, and we sent her salad forks, as is our custom when we can not have a shower.

In October we gave some songs in costume to assist a ladies organization with a benefit concert for charity.

Rho chapter has fifteen darling babies, who have arrived since the last Helicon and we are particularly happy when any one of them attends our meetings.

We had a most enjoyable Halloween party at Joyce Kohl's, to which all the girls came in costume. The organ grinder and his monkey remained mysteries most of the evening.

Our community Christmas tree on Christmas eve was made possible through the kindness of the American Legion and other friends. Carols were sung around the tree with invocation by Rev. Humfreys and benediction by Rev. Jacobs; then Santa Claus arrived in a sleigh packed with candy and nuts for the children.

The chapter had charge of the sale of health bonds in connection with the Anti-Tuberculosis Association's seal sale. Arrangements are being made to assist this organization in supplying milk to underweight children in the public schools.

We are having such a good time planning the convention for June 14th and 15th. It will be held at "The Villa," a hotel at Lake James. We want all the delegates to bring bathing suits and sport clothes, for outside the business sessions no formality will be permitted.

Pi Chapter Letter

We of *Pi* chapter feel that we have been very fortunate this year in having a large proportion of our chapter active, and we find interest and enthusiasm growing constantly.

Our regular meetings began in September, as we had temporarily disbanded for the summer months, due to the fact that so many of the girls were gone during the summer months. However, on August 14th, we gave a Charity Dance which netted us over \$100.

We have had three brides this year and have entertained with a bridge party for each. On October 2nd a delightful bridge party was given in honor of Lois Bond, whose marriage to Mr. Walter Carter, of Fort Wayne, took place in October. Mr. and Mrs. Carter are now living in Indianapolis. On December 12th the sorority entertained in honor of Irene Liggett, whose marriage to Mr. Harold Saylor took place in December. On January 23rd a bridge party was given for our third bride of the year, Wilma Bruckner, whose marriage to Mr. Van Alstyne Barnett of this city took place during the Christmas holidays at Chattanooga, Tenn.

On October 21st we entertained with a Halloween masquerade in honor of Margaret Strieder, one of our charter members, who has gone to Chicago to live. We are indeed sorry to lose Margaret, as she has always been one of our most earnest and conscientious workers.

At Christmas time our largest department store gave a Children's party in their Toyland and the members of *Psi Iota Xi* assisted in every way possible to make this party a success.

Our largest social function of the year was a luncheon bridge held at Wolf & Dessauer's auditorium on December 9th, for prospective members. As we have an active membership of twenty-two, we invited only three to membership, and we were very much pleased to have them all accept. The new pledges are Julia Bash, Beatrice Franklin Lipsett and Kathleen Rohan. We are planning to have initiation for these three pledges early in March.

Pi chapter is now making preparations for a Charity Bridge to be given April 7th at the Anthony Hotel. We are planning on having seventy-five tables. Each members is taking an active part and from all indications, it is going to be a huge success.

Pi chapter has been very active in local charity work. This year we turned over one hundred and fifty-nine garments to the Needlework Guild and \$4.50 in cash. We gave \$25 to the Visiting Nurse League and have pledged \$100 to the Council of Social Agencies. In addition to this we sent one boy to camp and loaned another boy \$15 to help pay for an operation.

Our literary programs have been excellent this year. We are now working on a plan whereby each member of the sorority buys one book and gives a review on this book at one of the meetings. This review is usually supplemented with criticisms clipped from the best magazines. After the review has been given, there is a general discussion. We have found this plan very interesting as well as instructive.

In conclusion, *Pi* chapter extends to all *Psi Otes*, every good wish for success and happiness.

Phi Chapter Letter

I was just wondering, as I groped around in my thoughts for a new beginning to the old "cut and dried" chapter report how long it would be before we will be able to "tune in" on meetings of sister chapters, through the wonder of the radio-phone. *Phi* chapter could then say to the listening *Pi* chapter, "Come on down to Huntington next Thursday, we are having a good dance"; or *Alpha* chapter, overhearing a long standing argument as to the advisability of a "one-cylinder" day nursery with plenty of enthusiasm, but not as much cash, might suggest, "Wait ten years" (as we are doing). Chapter letters would then be extinct.

Cold figures must still talk, so I will create the "air waves" and let you "listen in" on our January meeting when the report for 1922 was given.

Our principal charitable project, which is now more than a year old is the serving of hot lunches to school children. This was started last year in one of the poorer district schools of the city, at which time we purchased dishes and other supplies for serving. It was made possible because Alice Kline, one of our girls, is the home economics teacher in the high school, and while we paid for the food she prepared it daily, with the assistance of her classes. It was then delivered, usually by the girls with their cars. At this time there was no distinction made for malnutrition cases, lunch being served to all who stayed at the building, several pennies pay being accepted in some cases. But at this time Miss Kline and Mrs. B. E. Sayle, the school nurses, are establishing the hot lunch work in all of the six ward buildings, narrowing it down to the mal-nutrition children. This work last year only cost us \$51.25, but with the extension it will be more than treble expense during the coming school semester. Another work of which we are very proud, because we established it in Huntington, is the purchasing of glasses for needy school children. We spent \$71.00 for this, during 1922.

We are the only organization affiliated with the Charity Guild and annually assist them with a community Christmas tree and Christmas baskets of food and clothing. We gave \$50.00 financial assistance to them last year. Another Christmas work we always anticipate is a party given by *Psi Otes* at the county infirmary for the inmates. This year, in addition to the usual individual gift, candy, fruit and nuts, we had some violin and vocal music for them. This party cost us \$15.00. We contributed \$60.00 to the Salvation Army, \$10.00 for health bonds, \$15.00 to the Campfire Girls general fund, as well as \$135.00 personal subscriptions to the Riley Memorial Hospital Fund. Our total expenditures for the year of 1922 were \$583.74.

Socially, we have kept the chapter in the foreground. Our annual guest party last spring was a dinner dance, given at Lelia Steele's home. Our pledge breakfast was the morning after commencement, when we pinned the colors on five girls.

Harriett Wearly was installed as president in September, and our year's program has been well rounded out under her guidance. Once every two months the meetings take the form of buffet suppers. We have found a circulating library of popular fiction very good. Papers at meetings have been appropriate articles about modern writers, with two months study of modern drama.

Our annual Thanksgiving charity carnival was attended by 125 couples and gave us \$160.00 for the treasury. Last week we sponsored a dance when the Franklin Orchestra of Fort Wayne appeared here and earned \$30.00 more.

Phi chapter feels justly honored, considering its "youth" to have as the National Grand Vice-President, Edna Cook.

Chi Chapter Letter

Chi chapter has been unfortunate this year in having many of our girls leave us, however, we find interest and enthusiasm growing in our number left. We have eighteen active and ten inactive; six of the inactive are in school, and four have moved to other cities for residence.

The usual custom of doing our share of charity work has been carried on by our chapter, even though it is a little hard to systematize charity work in a small town.

In June we had a candy sale, clearing \$11.00, and one again in September, clearing \$10.16. We had a stand at our September exposition, served lunches, clearing \$129.62.

In October we financed a Baby Health Conference for children, from six months to four years eligible. We gave prizes to eight 100 per cent. children. The clinic proved a great success, and helped the mothers of our community.

We are very proud to tell you all of our plans for a Community House. We purchased on November 23, 1922, two town lots and a church. We are planning to remodel the church for a Community House and our home.

The chapter took charge of the Red Cross Christmas seal sale in our district this year.

It hasn't been all work and no play, however. Here are a few of our social doings. Our Christmas party and gift exchange for the girls home from school and our husbands and friends was a delightful affair of the season.

At Halloween a dinner was given by one of our members in connection with a shower for one of our new babies.

An afternoon card party and shower was given by a member for our recent bride, Dorothy June Alkire.

We have enjoyed several theater parties during the year.

Our two new members—Neva Jones and Mary Kent—were initiated February 12, followed by our usual pot-luck dinner.

Just a word for the literary side of our work. Last year we studied music of the different countries, which was very interesting. This year our program committee decided on miscellaneous subjects, which gives us a larger field to work in, of course, greater interest.

The rest of our year's work will be taken up by raising money for our new home.

Benefit card parties seem to be quite a success here. We gave one February 13, and a dance in the evening. It was a great success socially, but the weather was against us and we didn't get our usual good crowd. We made \$32.90. Every little bit helps.

We are planning a real party for our second anniversary, May 7, and we do wish some of our neighboring chapter could visit us. Just any time, in fact.

With all good wishes to all *Psi Otes*.

Omega Chapter Letter

During the summer months we made \$50 by making crackerjack and selling it. We also had a rummage sale last spring on which we cleared \$50.

In November we gave a charity card party which proved a success, both socially and financially. Bridge, "500" and euchre were played and the prizes were donated, several of which the girls made. There were fifty tables. We cleared \$100 from this party.

During the Christmas holidays we had a candle light tea for the girls who were home from school. At this time Lucille Kirtley and Lena Morrison Click were initiated.

During the holidays we also had a charity dance which was one of the prettiest of the season. The music was furnished by Riley's Orchestra. Blue and gold ballons were given as favors and excellent punch that was made by some of the girls was served. We made \$50 on this dance. We have all enjoyed the work and intend to keep on next year doing as well as we have this.

Alpha Beta Chapter Letter

Alpha Beta, the next to the youngest child of *Psi Iota Xi*, has done many things for the "first time" this year. Since the installation of our chapter last April our most pressing problem has been that of local expansion. Our chapter group numbered only ten, and since several of that small number were in school we continued our meetings throughout the summer and even held an initiation in June! Our second initiation was during Christmas vacation week and since our chapter now numbers twenty-five we feel that the danger of a too small chapter has been removed.

We feel that we missed a great deal when it was impossible for a delegate from our chapter to attend the convention last June. Had we been able to get the direct message from those meetings we would perhaps not have felt so leaderless at times, we would have established a firmer bond between the state organization and ourselves. The state officers, especially our Grand President, has been most kind in helping us "find our sea legs," however.

Our most successful means of raising money has been conducting benefit brige parties. These gatherings are far from mercenary affairs—every one has a delightful afternoon—even the hostesses!

Last August we attempted a lawn fete, which we think would have been splendid had we had suitable weather. As it was, it was as near a financial disaster as we hope to experience.

The money we have earned has been spent on dental and ocular work for needy school children. This work has been done because of the recommendation of our county Red Cross nurse. Next year, with a fatter pocket, we are confident that we will be able to do far more charity work.

Our meetings are held on the first and third Saturday afternoons of each month. We are carrying out a program made by two of our own girls. These numbers, with our business and social hour, have served to bring about a good attendance and lively interest.

Alpha Beta chapter has enjoyed its first year of membership in *Psi Iota Xi*, and may each year increase and deepen that enjoyment.

Alpha Delta Chapter Letter

This has been a successful year for *Alpha Delta* chapter, both socially and financially. Since our chapter was installed last May we have taken in eight worthy new members, and have one pledge who will be initiated this spring.

August 2, 3, 4 and 5, 1922, at the Northern Indiana Fair, held in Decatur, our chapter conducted a stand and made enough money to furnish a room in the new Adams County Hospital, which is being built in Decatur. We are very proud of this.

In July the Woman's Civic Improvement Society held an auction sale on fancy work. Each member of our chapter donated one article of fancy work. The proceeds from the sale were used to improve the general conditions in Decatur.

There are two poor children in our community who were unable to enter school last fall, because of diseased tonsils, and they could not afford an operation. Our chapter paid for the operation of both children. Now both children are attending school and enjoying good health.

Alpha Delta Chapter purchased a \$5.00 Health Bond to help the underfed children in the public schools.

On Forget-Me-Not Day, November 4, 1922, our chapter sold more flowers than any other organization in the city.

In December we gave a benefit picture show and candy sale and made over \$100.00. This made us all very happy and proud.

At Christime time we contributed \$15.00 to the Good Fellowship Club, which was a local fund to buy clothing and food for the poor and needy of our community.

We are planning on giving an Anniversary Dance in May, which we know will be a huge success.

LUCILLE BUTLER.

Sigma Chapter Letter

The activities of *Sigma* chapter during the past year have been routine ones. We have had two initiations—one in June when we initiated eight girls, Lucille Meek, Dorothy Jenkins, Helen Hopkins, Adelaide Mendenhall, Elizabeth Pavy Porter, Frances Pitts Eubanks, Elizabeth Moss Wood, Mary Robison Morrish, and followed it with a dinner at the Armond Hotel; the others in September when we initiated Laura Mae Gillespie Haas, and followed it with a picnic dinner at McCoy's Lake.

Social affairs of the year include showers for four brides, Laura Woodfill Greenough, Mildred Robison Hogue, Evelyn Eward Robbins and Elizabeth Pavy Porter; a Halloween party for our pledges, a holiday dance given for the young people home from school for the holidays and our annual Christmas grab bag and dinner during holiday week.

In November the chapter gave a rummage sale and cleared \$50.00 for the charity fund. We had a highly successful Red Cross Seal sale this year. We have managed the Christmas Seal sale for several years, and have set aside each year the per cent. allotted to us as a fund to build a tuberculosis cottage when the county society shall recommend that it be done.

MARY JANE WOODFILL.

Tau Chapter Letter

Tau chapter it seems has done nothing very startling this past year, and has had a hard time because so many of the girls have been married, moved away, are in school or inactive.

On the 12th of June a very pretty initiation was held for Nell Lee Slayback at the home of Miss Lucille Dorner.

June 29th the *Psi Iotas* had a lovely picnic at Columbia Park as a regular meeting. Lucille Dorner and Betty DeGrief told us all about convention and what a grand time they had. It made us all wish we could have gone.

Miss Josephine Seeger gave a shower for Helen Schultz, whose wedding took place August 28th.

Meetings were again started in September. Officers were elected and much enthusiasm was aroused by planning on new members and our program for the coming year. It seems, however, our pep did not last long as two of the girls were married, so many became inactive and some left town. We attempted to give two rummage sales, but could never get a vacant room at the time we wanted it.

Miss Lucille Dorner entertained at a lovely sorority card party November 20. Five hundred was played at four tables. The out-of-town *Psi Iotes* present were Miss Nina Beck, of Lebanon, chaperone at the Alpha Chi house at Purdue this year, and Miss Lucille Meek of *Sigma* chapter and a co-ed at Purdue.

Due to lack of funds and because the Phi Delta Kappas are inactive here at present, we were unable to give our annual joint Christmas party for the poor kiddies. However, desirous of making some one happy we sent a Christmas basket to a poor family and it was very gratefully received.

Tau chapter has a real problem in getting the girls to meetings, but so long as we have a few faithful girls we are hopeful of getting more and of keeping the old *Psi Iote* spirit going.

CATHRYN WHICKER.

Upsilon Chapter Letter

Spring comes and with it new ideas and plans for *Upsilon* chapter!

We are proud to think that we shall soon be celebrating our fourth birthday, inspite of the prophecy, at the time of our installation, that our organization would live only six months.

Upsilon has grown conservatively and steadily both in membership and the influence it has gained.

Last June we held initiation for three of our pledges, Kathryn Binford, Winifred Pratt and Juanita Howell Boyden at the home of Marjorie Binford.

In September, Dorothy Lineback, Gladys Robb and Elizabeth Larribee were initiated at the home of Mrs. Dorothy Spencer.

Our treasury and charity work have been benefited by various means of money making. In October a moving picture show, under our auspices, netted one hundred and twenty dollars.

We furnished *Psi Ote* waitresses for a Masonic banquet in December, and were well paid for our services. We also co-operated with the Federation of Clubs in a supper given for the benefit of the Riley Memorial Hospital.

The annual Christmas Charity Ball, given by our chapter, proved, by popular opinion, to be one of the best dances ever given in Greenfield. The clever decorations and first-class music made success inevitable, and we were pleased to have cleared sixty dollars. We also had complete charge of the sale of Red Cross Seals in this county during the Christmas season. Our chapter was delightfully entertained with a Christmas party at the home of Harriet Strickland, with Mary Ann Scholl assisting hostess.

Our charity duties have not been neglected and we are planning just now to furnish a couch and pillows for one of the rooms in the county home.

We are looking forward to the mid-winter convention and hoping quite a number of our chapter may be in attendance.

MARJORIE BINFORD.

Here is a letter from our first *Psi Iota* babe, Bobby Porter, son of our president:

I came into this world one morn
When you were all in bed;
And 'bout the first thing that I heard
Was, "Look, his hair is red."
Now some folks think they know so much
About a tiny boy;
But I'll just tell them something here,
That will their minds annoy.
My hair's not red, nor my eyes blue;
And for my mother's joy,
I'm going to look just like my Dad;
And their prophesies destroy.

When I was just a few days old,
Among some other things,
A nice man brought a tiny box,
Which I knew did not hold rings;
Because a sweet *Psi Iota Xi*
Had bought me one of these,
And I could scarcely wait until
Mother opened it, if you please;
And when she let me take a peep,
I could scarce believe my eye,
A sterling silver fork and spoon,
All engraved with *Psi Iota Xi*.

Now surely any little boy
Could learn his manners well,
For of such nice things to learn upon
I never did hear tell.
Now, Mother, tell them every one
I thank them from my heart,
And to be a loyal *Psi Iota*
I sure will do my part.

Now just a word for Mother.
The roses sent were sweet;
But the spirit that came with them
No flowers on earth could beat.
So Mother sends a "Thank you,"
And whenever the chance may come,
We hope she'll be just as thoughtful
About bringing joy to that some one.

—BOBBIE PORTER and MOTHER.
